Con Corazón Outreach Report

8th May 2024 – Marampaqui

Our friends from Heart Squad came to visit us in Cusco and Marampaqui. This social and solidarity company based in France, tries to help other organizations, free of charge and in the long term, to finance their projects and raise public opinion in various areas (childhood and education, health and disability, fight against hunger and poverty, women's empowerment, environmental protection, animal welfare, human rights, etc.) through a documentary web series.

They had the opportunity to take videos of different activities that our organization carries out. From our dental clinic in Cusco to our medical center in Marampaqui. In addition to the different projects in each location. We are sure that they enjoyed their time observing new landscapes and ancient cultures.
