Con Corazón Outreach Report

26th June 2024 – Marampaqui

We have been able to observe the development of a new textile center called “Esqon Tika” just 5 meters from our Medical Center in Marampaqui. This association was formed approximately 6 months ago and is made up of families in the area. In this workshop they make sweaters, scarves, hats and various crafts made from alpaca wool that they collect from their own animals. In this area of 4200 masl there are many alpacas!

They have the support of the municipality of Ocongate and we have noticed that they have some machines to weave their products. Every weekend, they can sell their fabrics and products at the weekend fairs in the nearest town called Tinke, a 2-hour walk.

We are very happy that this project is implemented in this area and we wish them the best success.

Activities

Medicine, we have seen 25 patients.

Dentist, 12 patients

Laboratory, 8 lab tests were done.

Health promotion for all our patients.
