Con Corazón Outreach Report

10th October 2024 – Marampaqui

Dr. Indira Zela is the administrator of Con Corazón in addition to being a dentist. She plays a very important role not only in the administrative area but also in the preventive area doing dental cleanings, both in our dental clinic in the city of Cusco and in our regular outreaches in the village of Marampaqui.

She is also the receptionist at our dental clinic, where she receives calls, arranges patient appointments, guides new patients, etc. One of the activities she carries out is the coordination of different activities with each of the members of our organization. She maintains communication and announces future plans so that we are all prepared.

Her versatility is one of her strengths that make our team stronger.

Activities

Medicine, we have seen 27 patients.

Dentist, 13 patients

Laboratory, 12 lab tests were done.

Health promotion for all our patients.

Photo Gallery

Most of our patients are women and sometimes they are taking along with them their children. This time a man brought his son who was with fever and stomachache.
