Con Corazón Outreach Report

20th December 2025 – Marampaqui

In December, Con Corazón carries hope in backpacks, traveling dusty roads to serve families in the Marampaqui community. Our medical and dental campaigns provide essential medical consultations, preventive care, fluoride treatments, extractions, and health education for children and adults who otherwise have limited access to services. Smiles are restored, infections are treated, and mothers receive guidance on nutrition and hygiene.

Beyond treatment, these campaigns strengthen trust and unity. Volunteers, local leaders, and families work side by side, transforming each outreach day into a shared effort of dignity and care.

Throughout the year, economic limitations prevent many families from enjoying small celebrations. Traditional treats like paneton, hot chocolate, and toy gifts for children are simply not affordable. For this reason, Christmas becomes more than a date on the calendar. It is a heartfelt gathering, a moment when the community of Marampaqui comes together to celebrate with warmth, gratitude, and joy.

Through these campaigns, Con Corazón not only delivers healthcare, but also rekindles hope and togetherness.

Activities

Medicine, we have seen 22 patients.

Dentist, 10 patients

Laboratory, 5 lab tests were done.

Health promotion for all our patients.

So that the children can have gifts, clothing, hot chocolate, and paneton, we ask for the collaboration of people from the city of Cusco. They generously donate, and we take care of bringing everything to the people in Marampaqui.

We cherish togetherness through the simple act of sharing what has been given to us. Families are truly happy at this time of year.
